Individual Course Attendance:

Please note that Course Attendance, indicated on each page, is the percentage of lessons that the student attended for a particular class and does not include absences due to excursions or sporting activities. Please contact the class teacher if there are any concerns.

Courses Studied

Course	Teacher
Chemistry	Mr Scott Hollingsworth
Physics	Mr Dave Edmonds
English Advanced	Mr Jonathon Hart

Achievement of course outcomes can be reported at five levels:

Outstanding	The student has an extensive knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved a high level of competence in the processes and skills and can apply these skills to new situations.
High	The student has a thorough knowledge and understanding of the content and a high level of competence in the processes and skills. In addition, the student is able to apply this knowledge and these skills to most situations.
Sound	The student has a sound knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills.
Basic	The student has a basic knowledge and understanding of the content and has achieved a basic level of competence in the processes and skills.
Limited	The student has an elementary knowledge and understanding in few areas of the content and has achieved very limited competence in some of the processes and skills.

Attitude to learning	Result
Taking ownership of learning	Good

Personal Profile	Result
Attitude/Effort	Good
Organised/Prepared	Excellent
Work Completion	Good

Possible levels of achievement: Excellent, Good, Satisfactory, Of Concern

Teacher Comment

Joshua has made a strong start in Chemistry. He has demonstrated a good grasp of basic chemistry concepts such as graphing and utilising the Periodic Table. Joshua is working hard to develop his skills in balancing chemical equations and performing stoichiometric calculations. He would benefit from taking more time during assessment tasks when drawing Lewis structures. In addition, Joshua should try to provide more detail in his written responses when explaining cause and effect relationships.

Teacher Comment
Joshua has made a fantastic start to stage 6 Physics at Coffs Harbour Senior College this semester. He has demonstrated an outstanding comprehension of the Physics principles related to the Kinematics module. In order to improve, Joshua needs to establish a comprehensive study routine that includes revision of course concepts and regular practise of examination-style questions. Continuing to develop relationships with other students in the course and forming a study group will also be beneficial for Joshua.

Teacher Comment

Joshua is to be congratulated for his excellent rank. This is due to an excellent result for his first assessment task. In this task, he wrote creatively responding to the set question. He also was able to reflect about his writing process in a very impressive manner. Joshua's class work is excellent where he demonstrates a conscientious attitude. However, he does need to maintain his focus on the requirements of his English class and not his other subjects. Joshua is a pleasure to teach.
